Musical Excellence

From the Podium

As we wind down another marching season, our focus as a band staff eagerly looks forward to a season of symphonic literature. I am reminded each year that while marching band is the most visual component of a successful program, the most important component is the music education of each student. This is best addressed through symphonic literature, musical and technical studies, and the more intense focus allowed during this time - in short this is where we get better! Don't misunderstand, I think marching band allows for some wonderful musical experiences, I also believe that it allows students to have fun and develop bonds of friendship that will last a lifetime. However, as we strive for musical excellence, concert literature allows us to guide each student towards skills and concepts that will cross all musical genres. This season allows for honors bands and clinics, private instruction, and exposure to both new and

classic literature.

We have a large number of students auditioning for honors and clinic bands this year. In addition the following students auditioned for and were selected to participate in the **2006-2007 Knoxville Youth Symphony Orchestra: Travis Jones, Bonnie Farr, Colin McCall, Joseph Clay, Will Root, and Kristin Smith.** In addition, **Jack Willard** was selected to participate in the **Knoxville Youth Symphonia.**

We need your help! **Smoky Mountain** is **October 28, 2006.** This one fund raiser usually generates up to 1/3 of our operating budget for the year. In addition, it provides competing bands, and their fans, with an opportunity to see South-Doyle High School at its finest.
